Purchaser shall have the right to select floor coverings, tile, cabinets and countertops, bathroom fixture and purchase upgrades from the vendors samples subject to their timely availability from the Vendors normal supplier and provided that the same have not already been ordered for this house. Variations from vendors sample may occur in bricks, finishing material, kitchen and vanity cabinets, floor and wall finishes due normal production process. Purchaser is notified that the laundry room and/or foyer may be lowered to accommodate side yard drainage, in extraordinary cases, door(s) from laundry to garage will be eliminated at Vendors discretion. Steps where applicable, may vary at any exterior or interior entrance way due to grading variance. Corner lots and priority lots may have special treatments which may require window changes and minor interior modifications to balance and improve the elevations of the house exposed to the street. The purchaser accepts these changes as necessary. When purchaser is buying a house already under construction, Purchaser acknowledges that there may be deviations from the floor plan, elevation or layout of this model and Purchaser agrees to accept such changes as constructed. The house erected on or to be erected on the above lot shall contain the features listed above. The floor plan shall be that plan illustrated in the Vendor's latest sales brochure for the model type purchase. The purchaser acknowledges that the Vendor's model homes have been decorated for public display purposes and may contain certain features and upgrade finishes and augmented services, which may not be included in the basic model type. Most additional features on display in the model home are available as extras. The Purchaser is notified due that siting and grading conditions, roof lines may not be exactly as shown, some end units will share a common wall with adjoining unit. Due to grading conditions risers may be necessary at the front and rear entries. Rooflines may vary due to structural roof framing conditions.
